

**APOGEE GLOBAL RMS**

TAKING PEOPLE, PROCESS AND TECHNOLOGY TO THE NEXT LEVEL

# Virtual CxO Services Catalog

# Apogee Global RMS Chief Information Security Officer and Chief Security Officer Services

## ➤ Interim CSO and CISO Services

- **Provide strategic leadership and guidance** on all aspects of cybersecurity and information security, ensuring alignment with business objectives and regulatory requirements.
- **Develop and implement a comprehensive cybersecurity program** that includes policies, procedures, and standards designed to protect critical assets and data.

## ➤ Incident Response Planning (Technology Focused)

- **Develop and implement a comprehensive incident response plan** that outlines the steps to be taken in the event of a cybersecurity incident, including detection, containment, eradication, recovery, and post-incident activities.
- **Conduct regular incident response exercises and simulations** to test the effectiveness of the plan and ensure that all stakeholders are prepared to respond to a real-world incident.

## ➤ Security Compliance Review

- **Conduct comprehensive reviews of existing security controls and practices** to identify gaps and areas for improvement in relation to industry standards and regulatory requirements (e.g., NIST, ISO 27001, HIPAA, PCI DSS, GDPR).
- **Develop and implement remediation plans** to address identified gaps and ensure compliance with relevant regulations and standards.

## ➤ Risk Assessments

- **Conduct comprehensive risk assessments** to identify, analyze, and evaluate potential threats and vulnerabilities that could impact the confidentiality, integrity, and availability of critical assets and data.
- **Develop and implement risk mitigation strategies** to reduce the likelihood and impact of identified risks to an acceptable level.

## ➤ Emergency Response Planning (Physical Security)

- **Develop and implement a comprehensive emergency response plan** that outlines the steps to be taken in the event of a physical security incident, such as a fire, natural disaster, or active shooter situation.
- **Conduct regular emergency response drills and exercises** to test the effectiveness of the plan and ensure that all employees are prepared to respond appropriately in an emergency.
